■ Bleed Area

Anything here will be trimmed off, but remember to extend any colouring or images into this 3mm bleed area to avoid white lines appearing during the print finishing stages.

■ Trim

Your job will be cut or repeated on the solid black line, any images or text placed in the 3mm area may be trimmed off incorrectly.

□ □ Safe Area

Keep all your information inside the white area. Remember to use high resolution images (300dpi) for the best results.

3m & 5m Note

As artwork is repeated for 3m and 5m any patterns will need to have a border which is half the length of the distance between the pattern. ie. 10mm gaps become a 5mm border. This is to ensure that the artwork repeats correctly.
